

CHANAKYA KALYANARAMAN

Supply Chain & Operations Analyst | Demand Planning & MRP | Lean Six Sigma Green Belt
Coventry, UK · Open to relocate UK-wide · Right to work: Graduate Visa, no sponsorship required until January 2028
[07818922075](tel:07818922075) | chanakya.kal@gmail.com | [Portfolio](#) | [LinkedIn](#)

Supply chain analyst currently sustaining a top-band productivity ranking at Co-op's UK distribution depot, which supplies 6,500+ stores nationwide, building on a track record that includes lifting on-time delivery from 72% to 97% in international manufacturing. Independently built a 2,500-SKU forecasting model proving a real UK stockout spike was 96.5% preventable.

SKILLS & CORE COMPETENCIES

Skills & Systems: Manhattan WMS, MRP, Demand Forecasting, Advanced Excel, Power BI, Data Analysis

Strengths: Root Cause Analysis, Vendor & Quality Management, Team Leadership, Stakeholder Management

PROFESSIONAL EXPERIENCE

Co-op (via Challenge TRG) – Coventry, UK
Warehouse & Logistics Operative

Jun 2026 – Present

- Consistently ranked in Co-op's top productivity band (80+ out of 100) for order-picking speed, within a depot supplying 6,500+ stores UK-wide.
- Learned and applied Manhattan WMS to pick, stage, and dispatch orders accurately, supporting on-time loading across high-volume shifts.
- Independently modelled the depot's own demand and stockout patterns outside working hours, applying the same analytical rigour to the operation itself (see Key Projects).

Giacinta International – Chennai, India
Operations & Supply Chain Analyst

Jan 2022 - Aug 2024

- Led an operations restructuring that lifted on-time delivery from 72% to 97% within one year, for a manufacturer serving the Japanese luxury export market.
- Directed quality and vendor compliance for export-grade materials, sustaining a 1% reject rate under zero-defect standards while managing a team of 15-20 QC and assembly staff.
- Coordinated a multi-vendor supply chain across tanneries, dyeing units, and hardware suppliers, building the working relationships that kept production on schedule.

Kizoko Media Agency – Chennai, India
Co-Founder and Project Lead

April 2020 – October 2021

- Co-founded and grew a self-funded B2B consultancy (no external funding raised) from 0 to 10+ SME clients within 18 months, personally owning every client relationship.
- Built structured workflows to improve delivery efficiency, maintaining consistent customer outcomes as the client base grew.
- Grew campaign engagement from 3.5% to 9.2% through structured A/B testing on client campaigns.

EDUCATION

WBS, University of Warwick, Coventry, United Kingdom
MSc in Management (Merit)

Sep 2024 - Sep 2025

- Dissertation awarded Distinction: Analysed decision-making patterns across 100 founders using statistical modelling in SPSS, the same data-driven approach behind the forecasting model in Key Projects.

SRM IST, Chennai, India
BTech in Aerospace Engineering (2:1)

Sep 2020 - Jun 2024

KEY TECHNICAL PROJECTS

Co-op NDC Demand, Stock & Forecasting Analysis (Self-Directed)

- Independently built a 2,500+ SKU Excel model simulating a UK ambient depot's demand and stock patterns across 21 weeks, grounded in real published grocery data and calibrated against real UK retail figures.
- Quantified that event-aware planning could have cut a modelled stockout spike by 96.5%, and separately proved a second anomaly was genuinely unforeseeable, no planning fix would have helped (see Portfolio).

Hydrofoil Performance Validation (BTech Major Project)

- Validated a hydrofoil design change using CFD simulation, confirming the results were reliable before committing to a physical build.
- Achieved a 63.3% drag reduction and 75.3% lift increase versus the baseline design (see Portfolio).

Local Encounter: A Two-Sided Marketplace MVP (Product Management)

- Scoped and designed a full two-sided marketplace MVP end-to-end (30+ screens), deliberately excluding features like dynamic pricing and AI-based matching to protect delivery timeline.
- Explicitly named unresolved operational risks, payment compliance, guide verification, cancellation policy, rather than leaving them unaddressed (see Portfolio).
